

Do You Have Breast Scars?

A medical research study is underway to evaluate an investigational medication to treat scars from previous breast surgery.

You may qualify to participate in this research study if you:

- Have bilateral breast scars that you would like to be revised surgically
- Are medically healthy

Participants will receive at no cost:

- Scar revision surgery
- Study-related examinations and consultation with a board certified plastic surgeon
- Laboratory tests
- Compensation for follow-up visits
